Tentang Perusahaan

PT. TRiDecca Indonesia is a company specializes in the design of workspaces and workstations. The company was established in the year of 2009 in Jakarta, Indonesia, combining our Partners' decades worth of skills, resources, and experience in Architectural Design and Steel Manufacturing Industry. The result of the partnership is inevitably a company with an identity of its own – a design oriented firm with a steel mass production capability. By staying true to this

newfound identity, we find our very own strength. What we actually achieve is a collection of original products and services in best-price-versus-quality, available for you, our client and customers.
